#### Brendan Grace "New Show" on Sunday January 09th 2011

The greatest family comedian of our generation proudly presents the must see comedy event of the new year. With 39 years in the comedy business, Brendan Grace's sense of timing and ability to read an audience is without equal, resulting in side splitting performances that leave his audiences wanting more.

Brendan Grace's new show features some hilarious new material and some 'Old Favorites' from his vast repertoire developed over the past four decades. A brilliant and seasoned actor, his 'Bottler' character is legendary and is now featured at every performance.

Apart from his obvious 'star quality' in all aspects of his performance, his drawing power is enormous and the 'House Full' sign is the norm, rather than the exception at all his concerts.
